REPORT OF FINANCE COMMITTEE FOR FISCAL YEAR ENDING AUGUST 31, 1927

Presented to the Board of Trustees at their Annual
Meeting, Monday, June 11, 1928

A Supplement to this report will give figures for the
school year 1927-1928, to June 4, 1928

To the Members of the Board of Trustees of Lebanon Valley College:

The Finance Committee is herewith presenting its report for the fiscal year beginning September 1, 1926, and ending August 31, 1927. A supplementary report, giving a record for a portion of the present fiscal year, will be ready for distribution at the meeting of the Board.

Endowment Fund.—The Endowment Fund at the beginning of the fiscal year September 1, 1926, was \$543,483.89. There was added to this fund during the year, a total of \$63,918.27. Of this amount, we received from the General Education Board (Rockefeller) \$21,217.60, the balance of \$42,700.67 coming from subscriptions given in 1924 or from special donations to the Endowment Fund. The total in the Endowment Fund at the end of the fiscal year August 31, 1927, was \$608,086.16.

On the death of Mrs. Savilla Fritz Loux, a member of Allentown Zion congregation, it was learned that Lebanon Valley College was bequeathed \$1,000.00, toward the establishment of a scholarship fund. This sum was forwarded to the College on July 15, 1927.

Schedule I, page 8, gives in detail the source of all the money in the Endowment Fund. At the time the copy for this report was placed in the hands of the printer, we had unpaid subscriptions amounting to \$171,654.07. The amount still reserved for us by the General Education Board is \$87,264.99. The officials of the General Education Board inform us that this money is set aside for us, and that they will be only too glad to pay it to the College as soon as we receive from our subscribers the amount specified in our contract with them. The eighth payment on the subscriptions to the Endowment Fund was due on April 1, 1928, and in view of the large amount that is still unpaid, we urge every friend of the College to use every possible effort to have these subscriptions paid. Lebanon Valley College cannot afford to lose the opportunity of receiving the full \$175,000.00 pledged by the General Education Board, but the indications are that it will require the devoted support of all our friends.

Endowment Income.—The total income received from our invested funds during the fiscal year, was \$28,552.55, as indicated by Schedule III, page 11. There was paid into the College Treasury the sum of \$23,963.28 to be used for current expenses, for faculty salaries, and for books for the Library. The balance was placed in scholarship funds and was distributed according to the wishes of the donors.

Extension.—Extension classes were again conducted by our faculty at Annville, Lebanon, Harrisburg, and Tower City, with a total enrollment of 206. The College received as a portion of the receipts of this department, the sum of \$688.53, as indicated by Schedule IX, page 14.

Summer School.—Members of our faculty conducted a summer session at Annville and Harrisburg during the summer of 1927, with a total enrollment of 181. The portion that was retained by the College was \$487.67. See Schedule X, page 15.

Music Department.—Report of Music Department, contained in Schedule VIII, page 13, shows that there is again a deficit of \$219.45. It will be noticed, however, that more than this has been spent for new equipment, required because of the increased number of students.

The Music Department has been hampered for a number of years because we had only one organ, but during the summer of 1927, a new two manual practice organ was purchased from the Moller Organ Company, at a cost of \$2,350.00. Even now, with the two organs, it takes some engineering to assign sufficient practice periods for the organ students, and also give Professor Campbell the use of the large organ for teaching.

Student Accounts.—There has been a steady growth in the amount paid by the students for tuition, music, graduation fees, Extension, and Summer School. In 1923, we received \$39,520.04; 1924, \$55,609.51; 1925,

\$57,159.05; 1926, \$63,716.16; 1927, \$75,587.86. These amounts do not include any concessions granted by the College in the way of scholarships or rebates for which we were not reimbursed from scholarship funds.

Repairs and Improvements.—During the latter part of the summer of 1927 we made the usual repairs to the dormitories, doing such painting as was necessary to put them in first class condition. The Finance Committee undertook several improvements they had long been considering, but were postponing because of lack of funds.

The first of these improvements was the enlarging of the President's Home, so that there would be sufficient room to accommodate the larger groups that it is customary to entertain in the President's Home. These improvements included not only the enlarging of the home, but also the replacing of the roof, and laying of hardwood floors, and the changing of some of the plumbing that was in very bad shape. The total spent for this work, part of which was paid during the last fiscal year and the balance since the beginning of this fiscal year, was \$6,217.98.

Probably no building on the campus received so many unfavorable comments from visitors as did the Chapel and Conservatory of Music. For several years the Department of Labor and Industry at Harrisburg has been recommending that we make certain changes on this building to conform to the State code. Because we had no funds available for this purpose we begged them for a little time, but last year they insisted that for the safety of those who are using the building these changes be made. We were almost appalled to find that the floor on the third story showed a sag of four inches without anybody being in the rooms. Since part of this space is used by one of the literary societies, it was inevitable that at certain times there would be a large number of students in the room. Repairs on this building were begun soon after Commencement during the summer of 1927 and completed during the Christmas vacation. The lay-out of the practice rooms on the second floor was changed considerably. New floors were placed in the halls, class rooms, and Chapel. The old electric light system was discarded altogether because of the danger of fire and the building rewired to meet modern requirements. The vestibule was changed to make it more inviting. Steel beams were placed under the ceiling of the Chapel in order to support the third story. A fireproof wall was built between the auditorium and the stage, displacing the wooden lattice work. The balcony was enlarged in order to give us enough seating capacity for our entire student body at chapel exercises. The entire building both inside and outside was painted. The total expended for these improvements amounts to \$16,675.21.

Equipment.—As indicated in the list of cash expenditures on page 7, we spent during the fiscal year ending August 31, 1927, the following items for equipment: Administration Building, \$376.10; offices, \$579.08; dining hall, \$261.65; dormitories, \$1,911.90; music department, \$550.00. Since the opening of the present fiscal year on September 1, 1927, our expenditures for equipment were greatly increased because of the repairs to the Chapel. The old seats were moved to the balcony and new seats purchased for the lower floor. Flame-proof curtains were installed and modern lighting both in the Chapel and on the stage. We expended \$3,943.80 for equipment for the Chapel and Engle Hall.

We are pleased to report that all the repairs and improvements and equipment purchased has been paid for out of current funds without incurring any indebtedness. The Finance Committee is firm in its determination not to incur any debt and will adhere to its policy of making improvements only after funds are available for this purpose.

A. S. KREIDER
